SEASIDE FANTASY

THE CHILDREN OF GELUK

To us photography is a reality driven medium that unlocks the expressive depths of art. We consider the camera and lens as mere instruments within the creative process.

In our work we strive to convey emotion and design rather than just illustration.

With the power to transform a subject in a matter of seconds, light for us is the mystical and elusive element that forms the foundation of what we do.

As a father and daughter, we are truly blessed to be able to share this creative world together. Our gallery is a sanctuary; a place where we can display our emotions on a wall and share our passion for art and photography with the world.
